

dear air1,
i just recieved your letter, and it sadens me to think that i could lose air1.. it
is such an inspiration to me.. everyday i listen to it and i am uplifted every
time.. if i lost our station i would have nothing to listen to.. its always on in
the car, on line at home, every where i get the chance i listen to it.. i dont think
i could handle it if i lost it..so please take this into consideration as these
decisions are made..
sincerely and hopefully
